CULP0053, T&A Error Analysis Report

June 22, 2022

Reference Number: NFC-1655901608

Each pay period, the National Finance Center (NFC) makes the CULP0053, T&A Error Analysis Report available to our customer Agencies. The report is generated for our Agencies each time we run a Time and Attendance Validation System (TIME) job to update incoming T&A's. One of the benefits of utilizing the information provided in the CULP0053 Report is to increase your awareness of the need to process personnel actions timely and the importance of submitting complete and accurate T&A data, which would eliminate errors and increase efficiency of your payroll processing.

In addition, we encourage Agencies to use this information to enhance any T&A front-end systems/edits that you are currently using to eliminate common errors, lead to fewer rejected T&A's, and result in a more efficient and cost-effective payroll processing cycle.

Below are a few common TIME errors and the proactive Agency actions.
