Insight Quick Reference | Administrative Billings and Collections System Subject Areas

What is Administrative Billings and Collections System (ABCO)?

- These ten Subject Areas provide billing and collections data about Federal employees (current, separated, or retired), other individuals, or vendors that have outstanding government debt.
- ABCO monitors debt and records all collections until a given debt is resolved.
- Voluntary (unbilled) collections processed in ABCO produce only accounting records that do not require a bill.

History

ABCO data includes all current outstanding debt. Once a debt is resolved, it will list a balance of zero.

Data Refresh

Data in ABCO is fully refreshed on a dailly basis.
