**FMS Branch Notifications**
1) TOMB - All FMS Production Systems including FMMI, CPAIS Real and Personal Property, FSDW, ACRWS, RITA and MINC, will be temporarily unavailable for regularly scheduled maintenance (OS patching) beginning at 6:00 a.m. CT Saturday, February 26th through 6:00 a.m. CT on Sunday, February 27, 2022. Thank you for your patience.
2) BI Backend Processing Branch - BEX/BOBJ Status – BW system changes were made because we were running out of memory and wanted to ensure reports did not grow stale. Some bookmarks are not working due to this change. FMS is working with agencies to ID the root cause. It has been learned that if you saved a report, you can determine the parameters used to run the report by going to the bottom of the screen. In the interim, this may be helpful. SAP partners are working in QA to devise a solution.
3) RRAD – The CR through March 11 was approved. February payroll accruals ran successfully last night. If you have any questions, please let us know.

**Agency Representative(s)** – No questions or comments.

O&M Recaps are posted to the FMS website. A recording of this meeting is available in Microsoft Teams.

**Note:** Next meeting, Thursday, March 3, 2022, at 9:00 a.m. CT.
