## 1. Overview

USDA's Office of the Chief Financial Officer continually updates and improves the Corporate Property Automated Information System (CPAIS) to ensure USDA Agencies can meet their financial management goals on a regular basis, FMS implements new releases of our software to address issues, implement new functionality, address new legislative requirements, and improve performance. It is critical to FMS that our customers are aware of and understand these releases, as well as their impact on operations. To that end, these release notes provide detailed information on the release, and are provided in advance to allow customer review and comment. Please forward all comments or questions to [FMSInfoRequest@cfo.usda.gov](mailto:FMSInfoRequest@cfo.usda.gov) or your customer account manager (CAM). If you do not know who your customer account manager is, please contact the FMS ACCOUNT MANAGERS at [FMSACCMGR@NFC.USDA.GOV](mailto:FMSACCMGR@NFC.USDA.GOV).

On September 09, 2016 we will be implementing version M09\_16\_EM001. The remainder of these release notes provides the detailed specifications of this release.

## 1.2. Defects Corrected

The corrections of the following defects are included in this release.

Change Request (AI)	Description	Agency
32258	Prevent replicated Floor/Room records by converting old values into new values before updating the data in CPAIS.	Department Wide

## 2. Implementation Plan

The implementation of these changes will take place on the evening of Friday, September 09, 2016. A system outage is not necessary to promote these changes to production. Agency user should be available to perform functional post production validation after implementation.

## 3. Roll-Back Plan

In the event of a transport failure or other critical negative impact to the production system, we may re-import the previous version of the affected object. The changes identified in this release are mutually exclusive and only the change causing the error will need to be backed out.
