On September 23, 2009, the following changes were implemented into the CPAIS Real Property Application:

1. Several forms were modified to blank out the Congressional District field when the State is changed. This was done to reduce the errors in FRPP reporting based on inconsistent Congressional District values.
2. The FRPP process related to reporting Disposed Assets was modified to only report the assets that were disposed in that reporting year. This was done to meet the GSA FRPP reporting guide lines for 2009.
3. The FRPP process was modified to report the current Fiscal Year on the XML created for reporting. This was done to meet the GSA FRPP reporting guide lines for 2009.
4. The Rejects Reconciliation process was modified to include functionality for COD to mark financial records as IGNORE so they will drop for the reject process.
5. The User Access Report was modified to include the missing agency codes of "GS" and "NC" for complete department reporting.
6. The GSA FRPP Totals by Agency form was modified to show the query only fields in the color gray to keep within CPAIS application standards.
7. The following new user views were added to the User View Menu on request by the department:
    7.1. Condition Index Details View
    7.2. Annual Operating Cost Details View
    7.3. Disposal Details View
    7.4. Utilization Details View
    7.5. Active Property Details View
    7.6. Lease Status View
    7.7. Mission Dependency View
    7.8. Installation Inventory View
