The information you provide on this form is needed to document your enrollment in the Federal Employees Health Benefits Program (FEHB) under Chapter 8, title 5, U.S. Code. This information will be shared with the health insurance carrier you select so that it may (1) identify your enrollment in the plan (2) verify your and/or your family’s eligibility for payment of a claim for health benefits services or supplies, and (3) coordinate payment of claims with other carriers with whom you might also make a claim for payment of benefits. This information may be disclosed to other Federal agencies or Congressional offices which may have a need to know it in connection with your application for a job, license, grant, or other benefit. It may also be shared and subject to verification, via paper, electronic media, or through the use of computer matching programs, with national, state, local, or other charitable or social security administrative agencies to determine and issue benefits under their programs or to obtain information necessary for determination or continuation of benefits under this program. In addition, to the extent this information indicates a possible violation of civil or criminal law, it may be shared and verified, as noted above, with an appropriate Federal, state, or local law enforcement agency.

While the law does not require you to supply all the information requested on this form, doing so will assist in the prompt processing of your enrollment. We request that you provide your Social Security Number so that it may be used as your individual identifier in the FEHB program. Executive Order 9397 (November 22, 1943) allows Federal agencies to use the Social Security Number as an individual identifier to distinguish between people with the same or similar names. Failure to furnish the requested information may result in the U.S. Office of Personnel Management’s (OPM) inability to ensure the prompt payment of your and/or your family’s claims for health benefits services or supplies. Agencies other than the OPM may have further routine uses for disclosure of information for the records system in which the file copies of this form.
