CPAIS Personal Property Release 1.5

July 2017

Change Request – Request for Change (RFC)	Description	Agency/Requestor	Results/Notes <i>All CRs were successfully implemented unless otherwise noted.</i>
32039	Add in an 'as of date' parameter for the summary and detail suspense report. This change will allow users to view the data as it was on any previous date.	Department Wide	
32319	Updated the Maintain Accountable Property Officer (APO) form to only display the APO information highlighted in the Maintain Property Management Officer (PMO) form when the APO Detail button is clicked. This change will prevent the APO form from listing all APOs instead of one when querying from the Maintain Property Management Officer (PMO) form.	Department Wide	

Change Request – Action Item (AI)	Description	Agency/Requestor	Results/Notes <i>All CRs were successfully implemented unless otherwise noted.</i>
32386	Allow the asset record, created from the combined staging records, to display two lines of accounting, one from each combined record.	Department Wide	
32388	Update the Staging form to display the status as 'complete' when property records are created.	Department Wide

CPAIS Personal Property Release 1.5

July 2017

Change Request – Action Item (AI)	Description	Agency/Requestor	Results/Notes <i>All CRs were successfully implemented unless otherwise noted.</i>
32355	Prevent the Personal Property Staging form from setting the remaining 'qty' equal to the received 'qty' on the split record. This change will prevent the wrong status from being saved if the remaining 'qty' is greater than the received 'qty'.	Department Wide	
32451	Allow a more descriptive message to display on the Personal Property form when the user tries to change an error without proper access.	Department Wide	
32315	Update the Staging User View to return only the staging records and its related accounting.	Department Wide	
32067	Update the Accountable Property Officer (APO) form to prevent the error message display when the record is saved.	Department Wide	
32046	Ensure assets that have been selected in 'BULK MASS TRANSFERS' cannot be selected in 'APO Mass Transfer'. This change will allow the APO Mass Transfer to work properly.	Department Wide
