---------------	--

**Assumptions:**

- NFC will add new Locality Table Codes 24FR, 24RE, 24RO, and 24SP to Table 016.
- NFC will update Table 016 to apply the new areas of application for redefinitions.
- Impacted employee records will be updated to reflect the new/redefined LOCALITY-TABLE-CODE.
- Employees that are paid from a Special Salary Rate Table, in a Pay Rate Determinate Code that are not entitled to Locality pay will be excluded from this Locality Table Code Update.
- This update affects all pay plans that currently have employees in the listed Duty Stations for Locality Table Code 4RUS/LRUS and 5RCH/LRCH that are being replaced with either the New Locality Table Code or the existing (revised) Locality Table Code.
- Agencies with their own front-end systems may require modifications. Agency modifications must be implemented at the same time as NFC.
- NFC will generate NOAC 894/VGR to update the Locality Table Code from 4RUS to the appropriate Locality Table Code, process the Locality Adjustment, and display value in IR101/501 for impacted employees.
- Agency is responsible for correcting actions that fall into suspense.
- This update affects pay plans that currently have employees in the listed Duty Stations for Locality Table Code 4RUS/LRUS and 5RCH/LRCH that are being replaced with either the New Locality Table Code or the existing (revised) Locality Table Code.
